John Deere NetWrap for Your New Baler

To: Valued Customer

Congratulations on your purchase of a new John Deere Round Baler!

John Deere NetWraps are especially designed to help you get the best results with your baler. CoverEdge™ with the John Deere logo is the only net that consistently goes over both edges of the bale uniformly and “snaps securely into place” on each side of the bale to improve storage life and transportability of the hay.

To help you get started, Tama USA is offering 1 ROLL FREE on purchase of a new baler.

Customers who purchase a new John Deere baler are eligible for 1 free roll when purchasing a minimum of 4 rolls of John Deere NetWrap. This offer is limited to 1 free roll per customer who purchases a new baler. Qualifying baler models are 450M, 451E, 451M/R, 460M/R, 460R, 461M/R, 550M, 551M, 560M, 560R, 561M/R.

To find out how to qualify, contact your local Quality Equipment location.
